Professional Cleaning Equipment

English

LZ

Essentiality means sturdiness.

www.vdm.it

Compact and resistant, to meet the **operator's needs.**

Every operator looks for a trolley that best supports his professionalism, capable to withstand any stress but simple and easy to handle also in small environments.

LZ, thanks to its essentiality, sturdiness and compactness, is the duo mop trolley that best meets the needs of the operators in the professional cleaning sector.

High quality and user friendliness all in one**.**

LZ is most suitable for an intensive use, since it is made of materials resistant to stress and to chemical agents aggressions.

LZ is a product with a very good quality/price ratio, compact, highly resistant and entirely Made in Italy.

Simple and **sturdy.**

For those who are looking for a **professional product suitable for heavy duty**, **easy to use**, **compact** and **highly resistant**.
